

# Satchwell MicroNet™

## End of Commercialization for MN-VSCORE VisiSat Configuration Tool

The Satchwell MicroNet family of products were withdrawn from sale in January 2015. The VisiSat Configuration Tool has been kept available for the last three years as a sellable item to facilitate transition to EcoStruxure™ Building Operation. It is now time to withdraw the part from sale, effective immediately.

The tool remains available as a download for use, but it can no longer be purchased and sold to a customer. A license is no longer required to use the tool. VisiSat 2.1.196 SP2 can be found at this location on The Exchange: [VisiSat 2.1.196 SP2](#)

### PRODUCT AT A GLANCE

Product Announcement Number  
**PA-00597**

This announcement covers the End of Commercialization of the MN-VSCORE VisiSat Configuration Tool

The VisiSat Configuration Tool is part of the VisiSat product family and as such is covered by the Software Support Policy for the VisiSat. Per [PA-00298](#), support for the product ended in December of 2014. There are no plans to update the product including updates for later Microsoft OS releases.

### Product support

#### For support inquiries contact your local Customer Care Center

Find support contact information in your local Schneider Electric website, within the “Support” section tab. Visit [www.schneider-electric.com](http://www.schneider-electric.com) and select your country of origin.

Access Customer Care directly from your mobile device by installing the “mySchneider” mobile application onto your [Apple](#) or [Android](#) device.

You can also access Product Support contact information any time on the [Product Support Exchange page](#).
